Pelvic exenteration, use of sigmoid colon for rectal substitution following (Lagasse et al.), 106
vaginal reconstruction following: Surgical and psychological considerations (Morley, Lindenauer, and Youngs), 996
girdle, postirradiation sarcoma of, following therapy for squamous cell carcinoma of cervix (Fehr and Prem), 192
operation following abdominoperineal resection, complications of (Caspersen), 564
previous, is contraindication: Vaginal hysterectomy (Coulam and Pratt), 252
Penetrating (non-) trauma to gravid uterus, fetal death secondary to (Poulson and Gabert), 580 (Comm. in brief)
Perinatal mortality rate, gestational diabetes and (O'Sullivan et al.), 901
Peripheral plasma levels of progesterone, estradiol, and human chorionic gonadotropin, evaluation of prognosis of threatened abortion from (Nygren, Johansson, and Wide), 916
Peroxidase immunohistoenzymologic method, localization of human chorionic gonadotropic and somatomammotropic hormones by, in villi and amniotic epithelium of human placentas (from six weeks to term) (de Ikonicoff and Cedard), 1124
Pharmacologic modification of ovum transport, promise of, in contraceptive development (Pauerstein et al.), 161
Physiologic changes in plasma chromium of normal and pregnant women: Effect of glucose load (Davidson and Burt), 601
Physostigmine reversal of scopolamine delirium in obstetric patients (Smiler et al.), 326
Pituitary responsiveness to synthetic luteinizing hormone–releasing hormone during pregnancy: Effect on follicle-stimulating hormone secretion (Zárate et al.), 1121
Placenta(s), aging of: Autoimmune theory of senescence (Burstein et al.), 271
circumvallate, chronic abruptio placentae, and hydrorrhea, syndrome of (Naftolin et al.), 347
human, morphologic study in, I. Pathogenesis of placental infarction (Wallenburg, Stolte, and Janssens), 835
(from six weeks to term), localization of human chorionic gonadotropic and somatomammotropic hormones by peroxidase immunohistoenzymologic method in villi and amniotic epithelium of (de Ikonicoff and Cedard), 1124
in pregnancies with small-for-date infants, chemical composition of (Iyengar), 66
previa, impact of, on survivorship of offspring to four years of age (Schlesinger, Mazundar, and Logrillo), 657
rhesus monkey, experimental study in, II. Pathogensis of placental infarction (Wallenburg et al.), 841
trilobate, and abnormal fetal heart rate pattern (Sudha, Schifrin, and Suzuki), 878 (Comm. in brief)
Placentae, chronic abruptio, hydrorrhea, and circumvallate placenta, syndrome of (Naftolin et al.), 347
Placental antigens, antigens similar to, in mouse fertilized eggs, detection of, by immunofluorescence (Kometani et al.), 351

Placental—Cont'd
and fetal involvement by maternal malignancy: Report of rectal carcinoma and review of literature (Rothman, Cohen, and Astarloa), 1023 (Current opinion)
histology and histometry, relation to, in cases with and without high fetal risk, II. Blood flow in intervillous space and fetal blood flow (Clavero et al.), 1157
infarction, pathogenesis of. I. Morphologic study in human placenta (Wallenburg, Stolte, and Janssens), 835
II. Experimental study in rhesus monkey placenta (Wallenburg et al.), 841
pathology, fetal and, in gestational rubella (Ornoy et al.), 949
Plasma chromium of normal and pregnant women, physiologic changes in: Effect of glucose load (Davidson and Burt), 601
estrogens in postmenopausal women (Rader et al.), 1069
levels, peripheral, of progesterone, estradiol, and human chorionic gonadotropin, evaluation of prognosis of threatened abortion from (Nygren, Johansson, and Wide), 916
thromboplastin antecedent (factor XI) levels, changes in, during pregnancy (Phillips, Rosano, and Skrodelis), 1114
umbilical artery and vein, at term, concentrations of human chorionic gonadotropin, progesterone, and unconjugated and total estriol in (Effer, Gupta, and YoungLai), 643
Pool scintigrams, indium-113m uterine blood, uterine abnormalities demonstrated by (Anderson, Burkett, and Alele), 335
Population: Search for solutions in behavioral sciences (Campbell), 131 (Current developments)
Postcoital contraceptive agents, use of estrogens as (Blye), 1044 (Current developments)
Postmenopausal women with endometrial carcinoma, role of androstenedione as estrogen precursor in, II. Estrogen metabolism in patients at high risk for endometrial carcinoma (Hausknecht and Gusberg), 981
plasma estrogens in (Rader et al.), 1069
Postpartum sterilization procedures, appendectomy incidental to (Wilson, Dilts, and Simpson), 76
women, effects of ethinyl estradiol on secretion of gonadotropins and estrogens in (Crystle, Sawaya, and Stevens), 616
Potter's syndrome, obstetric complications when fetus has. Part II. Fetoplacental function (Beischer et al.), 62
Practice, obstetric, prophylactic external cephalic version in (Hibbard and Schumann), 511
Precursor, estrogen, role of androstenedione as, in postmenopausal women with endometrial carcinoma, II. Estrogen metabolism in patients at high risk for endometrial carcinoma (Hausknecht and Gusberg), 981
Pre-eclampsia, mid-trimester, associated with fetal triploidy: Report of case (Hashimoto et al.), 882 (Comm. in brief)
Pregnancy (pregnancies), changes in factor XI (plasma thromboplastin antecedent) levels during (Phillips, Rosano, and Skrodelis), 1114
comparison of thyroid function in each trimester of, with use of triiodothyronine uptake, thyroxine iodine, free thyroxine, and free thyroxine index (Souma et al.), 905
complicated by thalassemia minor and "stomatocytosis," maternal anemia and fetal outcome in (Fleming), 309
early, free amino acids in maternal and fetal extracellular fluids collected during (A'Zary, Saifer, and Schneck), 854
Pregnancy (pregnancies)—Cont'd
human, at term, normal values in, I. Blood flow in intervillous space and fetal blood flow (Clavero et al.), 340
in "infertile" couples treated with doxycycline for T-mycoplasmas, III. Mycoplasma and human reproductive failure (Friberg and Gnarpe), 23
narcotic withdrawal in: Stillbirth incidence with case report (Rementeria and Nunag), 1152
normal and complicated, cytolysis in (Bercovici, Schechter, and Golan), 831
hormone and enzyme levels in (Ward et al.), 1105
human, renal nyctohemeral excretory patterns of water and solutes in (Parboosingh and Doig), 609
and toxemic, immunoglobulin levels and liver function tests in (Burdash, Blake, and Hester), 827
orotic aciduria of (Wood and O'Sullivan), 57
outcome of, following spontaneous abortion with chromosomal anomalies (Boué et al.), 806
ovarian tumors in (White), 544
pituitary responsiveness to synthetic luteinizing hormone-releasing hormone during: Effect on follicle-stimulating hormone secretion (Zárate et al.), 1121
radioimmunoassay of maternal serum α-fetoprotein associated with (Ishiguro and Nishimura), 27
rates, continuation and, with four contraceptive methods (Hall), 671
with small-for-date infants, chemical composition of placenta in (Iyengar), 66
subsequent, influence of induced and spontaneous abortions on outcome of (Pantelakis, Papadimitriou, and Doxiadis), 799
termination of, with intrauterine devices (Mullick, Brenner, and Berger), 305
by "super coils": Morbidity associated with new methods of second-trimester abortion (Berger et al.), 297
test, latex tube agglutination-inhibition, evaluation of (Horwitz et al.) 626
unfavorable outcome of: Repeated losses (Naeye and Blanc), 1133
and uterine malformations (Loring), 505
prolapse during, in Ibadan (Ogunbode and Aimakhu), 622
value of single-specimen estriol/creatinine determinations during (Luther, MacLeod, and Langan), 9
Pregnant women, normal and, physiologic changes in plasma chromium of: Effect of glucose load (Davidson and Burt), 601
Prematurity, measuring obstetric risks of: Preliminary analysis of neonatal death (Donahue and Wan), 911
Premenopausal women, married, atypical endometrial hyperplasia and breast cancer in, I. Androgens in breast cancer (Grattarola), 423
Prenatal diagnosis clinic: Initial report (Prescott et al.), 942
Preoperative hormonal therapy of cystic adnexal masses (Spanos), 551
Previa, placenta, impact of, on survivorship of offspring to four years of age (Schlesinger, Mazundar, and Logrillo), 657
Prilocaine, lidocaine, and mepivacaine, fetal bradycardia following administration of: Choice of drug, III. Paracervical block anesthesia in obstetrics (Shnider and Gildea), 320
Primigravida, adolescent Jamaican, study of obstetric performance of (Hay and Boyd), 34
Progestational oral contraceptive, effects of, on lipids and lipases (Glueck et al.), 689
Progesterone, estradiol, and human chorionic gonadotropin, evaluation of prognosis of threatened abortion from peripheral plasma levels of (Nygren, Johansson, and Wide), 916

Progesterone—Cont'd
unconjugated and total estriol, and human chorionic gonadotropin, concentrations of, in umbilical artery and vein plasma at term (Effer, Gupta, and YoungLai), 643
Prognosis of threatened abortion, evaluation of, from peripheral plasma levels of progesterone, estradiol, and human chorionic gonadotropin (Nygren, Johansson, and Wide), 916
Prolactin and growth hormone, human, factors influencing secretion of, in menstrual and gestational women (Tyson and Friesen), 377
Prolapse, uterine, during pregnancy in Ibadan (Ogunbode and Aimakhu), 622
Prophylactic external cephalic version in obstetric practice (Hibbard and Schumann), 511
Prostaglandin $F_{2\alpha}$, induction of abortion and menstruation by intravaginal administration of (Sato, Ami, and Matsumoto), 287 (Comm. in brief)
intra-amniotically administered, induction of therapeutic abortion with (Brenner et al.), 923
and oxytocin, effects on neonate of induction of labor with (Blackburn et al.), 847
therapeutic abortion of early human gestation with vaginal suppositories of (Tredway and Mishell), 795
Protein electrophoretic profiles, method of collection, and cellular composition in animals with and without intrauterine contraceptive devices, I. Studies on uterine flushings in baboon (Peplow et al.), 771
Psychological considerations, surgical and: Vaginal reconstruction following pelvic exenteration (Morley, Lindenauer, and Youngs), 996

Q

Quinestrol administered with clomiphene citrate, effect of, on serum follicle-stimulating hormone and luteinizing hormone and on other clinical findings (Seki et al.), 388

R

Radiation treatment, combined surgical and, of invasive carcinoma of cervix (Kelso and Funnell), 205
Radioimmunoassay of maternal serum α-fetoprotein associated with pregnancy (Ishiguro and Nishimura), 27
Rate monitoring, continuous cardiac, during resuscitation of newborn infant (Sherline and Thompson), 1166 (Comm. in brief)
pattern, abnormal fetal heart, trilobate placenta and (Sudha, Schifrin, and Suzuki), 878 (Comm. in brief)
Ratio, lecithin/sphingomyelin, multiple tests and, evaluation of, for determining gestational age (Quinlivan et al.), 1147
mature lecithin/sphingomyelin, effect of cesarean section on respiratory distress in presence of (Gabert, Bryson, and Stenchever), 366
Reconstruction, vaginal, following pelvic exenteration: Surgical and psychological considerations (Morley, Lindenauer, and Youngs), 996
Recording uterine contractions during labor, evaluation of external electromyographic system for (Freundlich and Wingate), 822
Rectal carcinoma, report of, and review of literature: Placental and fetal involvement by maternal malignancy (Rothman, Cohen, and Astarloa), 1023 (Current opinion)
substitution following pelvic extenteration, use of sigmoid colon for (Lagasse et al.), 106
Releasing hormone, synthetic luteinizing hormone–, pituitary responsiveness to, during pregnancy: Effect on follicle-stimulating hormone secretion (Zárate et al.), 1121
treatment of anovulation with (Keller), 698
Remnants, mesonephric duct, vaginal and cervical communication with: Relationship to unilateral renal agenesis (Goldstein et al.), 101
Renal agenesis in nontwin siblings (Whitehouse and Mountrose), 880 (Comm. in brief)

Resection, abdominoperineal, complications of pelvic operation following (Caspersen), 564
Resident Education in Obstetrics and Gynecology, Council on: Current activities and future projections (Russell), 531
Respiratory distress, effect of cesarean section on, in presence of mature lecithin/sphingomyelin ratio (Gabert, Bryson, and Stenchever), 366
Resuscitation of newborn infant, continuous cardiac rate monitoring during (Sherline and Thompson), 1166 (Comm. in brief)
Risk(s), high, for endometrial carcinoma, estrogen metabolism in patients at. II. Role of androstenedione as estrogen precursor in postmenopausal women with endometrial carcinoma (Hausknecht and Gusberg), 981
fetal, relation to placental histology and histometry in cases with and without, II. Blood flow in intervillous space and fetal blood flow (Clavero et al.), 1157
gestational diabetic patients, screening criteria for (O'Sullivan et al.), 895
maternity care in community hospital, evaluation of (Westberg, Clark, and Webb), 557
obstetric, of prematurity, measuring: Preliminary analysis of neonatal death (Donahue and Wan), 911
Rubella, gestational, fetal and placental pathology in (Ornoy et al.), 949
immunity testing and immunization of college women (Evrard), 71

S

Sacculation of uterus, case report of: Diagnosis by ultrasonography (Palav and Tricomi), 876 (Comm. in brief)
Saline amnioinfusion, hypertonic, use of laminaria tents with (Lischke and Goodlin), 586 (Comm. in brief)
-induced abortion, coagulation changes in (Laros et al.), 277
inductions, five thousand consecutive (Kerenyi, Mandelman, and Sherman), 593
Sarcoma, postirradiation, of pelvic girdle following therapy for squamous cell carcinoma of cervix (Fehr and Prem), 192
of vulva: Malignant fibroxanthoma (Hensley and Friedrich), 289 (Comm. in brief)
Sciences, behavioral, search for solutions in: Population (Campbell), 131 (Current developments)
Scintigrams, indium-113m uterine blood pool, uterine abnormalities demonstrated by (Anderson, Burkett, and Alele), 335
Scopolamine delirium, physostigmine reversal of, in obstetric patients (Smiler et al.), 326
Screening criteria for high-risk gestational diabetic patients (O'Sullivan et al.), 895
procedure, reliability of cervical cytologic smear as, in patients undergoing gynecologic surgery for benign disease (van Nagell, Hager, and Roddick), 111

Second-trimester abortion, morbidity associated with new method of: Termination of pregnancy by "super coils" (Berger et al.), 297
Secretion, follicle-stimulating hormone, effect on: Pituitary responsiveness to synthetic luteinizing hormone-releasing hormone during pregnancy (Zárate et al.), 1121
of gonadotropins and estrogens in postpartum women, effects of ethinyl estradiol on (Crystle, Sawaya, and Stevens), 616
of human prolactin and growth hormone, factors influencing, in menstrual and gestational women (Tyson and Friesen), 377
Section, cesarean, effect of, on respiratory distress in presence of mature lecithin/sphingomyelin ratio (Gabert, Bryson, and Stenchever), 366
Senescence, autoimmune theory of: Aging of placenta (Burstein et al.), 271
Serum of cervical cancer patients, evidence for specific tumor cytotoxic antibodies in (Weintraub et al.), 985
α-fetoprotein, maternal, radioimmunoassay of, associated with pregnancy (Ishiguro and Nishimura), 27
follicle-stimulating hormone and luteinizing hormone, effect of quinestrol administered with clomiphene citrate on, and on other clinical findings (Seki et al.), 388
lactic dehydrogenase levels in diagnosis and treatment of carcinoma of ovary (Awais), 1053
lipids, influence of oral contraceptive steroids on (de Alvarez, Jahed, and Spitalny), 727 (Current developments)
of patients with carcinoma of cervix, sperm microagglutinating activity in (Jones, Kaye, and Ing), 883 (Comm. in brief)
Shield, Dalkon, intrauterine contraception in nulliparas with (Ostergard), 1088
Siblings, nontwin, renal agenesis in (Whitehouse and Mountrose), 880 (Comm. in brief)
Sigmoid colon, use of, for rectal substitution following pelvic exenteration (Lagasse et al.), 106
Single-specimen estriol/creatinine determinations during pregnancy, value of (Luther, MacLeod, and Langan), 9
Sinus tumor, endodermal, of ovary, alpha-fetoprotein and (Wilkinson, Friedrich, and Hosty), 711
Skin autograft, effect of estrogen on collagen synthesis at site of (Yang, Okamura, and Beer), 694
graft survival, intrauterine, in F-1 hybrid rats, effect of human chorionic gonadotropin on (Kaye, Jones, and Ing), 39
Small-for-date infants, chemical composition of placenta in pregnancies with (Iyengar), 66
Smear, cervical cytologic, reliability of, as screening procedure in patients undergoing gynecologic surgery for benign disease (van Nagell, Hager, and Roddick), 111
Solutes, water and, renal nyctohemeral excretory patterns of, in normal human pregnancy (Parboosingh and Doig), 609
Solution, Lugol's, contraceptive effect of intrauterine application of (Lin et al.), 167
Somatomammotropic hormones, human chorionic gonadotropic and, localization of, by peroxidase immunohistoenzymologic method in villi and amniotic epithelium of human placentas (from six weeks to term) (de Ikonicoff and Cedard), 1124
Space, intervillous, blood flow in, and fetal blood flow. I. Normal values in human pregnancies at term (Clavero et al.), 340
II. Relation to placental histology and histometry in cases with and without high fetal risk (Clavero et al.), 1157
Sperm, human, inseminations of, after freezing in liquid nitrogen vapors with glycerol or glycerol-egg-yolk-citrate as protective media (Friberg and Gemzell), 330
microagglutinating activity in serum of patients with carcinoma of cervix (Jones, Kaye, and Ing), 883 (Comm. in brief)
Sphingomyelin, lecithin/, ratio, mature, effect of cesarean section on respiratory distress in presence of (Gabert, Bryson, and Stenchever), 366
multiple tests and, evaluation of, for determining gestational age (Quinlivan et al.), 1147
Spirometry and oral contraceptives (Freedman and Anderson), 682
Spleen, fetal, laceration of, during amniocentesis (Egley), 582 (Comm. in brief)
Spontaneous abortion(s) with chromosomal anomalies, outcome of pregnancies following (Boué et al.), 806
induced and, influence of, on outcome of subsequent pregnancies (Pantelakis, Papadimitriou, and Doxiadis), 799
Spring clip, laparoscopic sterilization with: Report of first fifty cases (Hulka et al.), 715 (Current investigation)
Squamous cell carcinoma of cervix, postirradiation sarcoma of pelvic girdle following therapy for (Fehr and Prem), 192
immunologic therapy of (Van Kampen et al.), 569
Stage I ovarian cancer, factors influencing survival in (Webb et al.), 222
Sterilization, hysteroscopic tubal. I. Preliminary report (Neuwirth, Levine, and Richart), 82
laparoscopic, after abortion, controlling uterine forceps for: New instrument (Hulka), 884 (Comm. in brief)
with spring clip: Report of first fifty cases (Hulka et al.), 715 (Current investigation)
outpatient laparoscopic, under local anesthesia (Alexander et al.), 1065
procedures, postpartum, appendectomy incidental to (Wilson, Dilts, and Simpson), 76
Steroids, oral contraceptive, influence of, on serum lipids (de Alvarez, Jahed, and Spitalny), 727 (Current developments)
Stillbirth incidence with case report: Narcotic withdrawal in pregnancy (Rementeria and Nunag), 1152
Stimulating, follicle-, hormone and luteinizing hormone, serum, effect of quinestrol administered with clomiphene citrate on, and on other clinical findings (Seki et al.), 388
secretion, effect on: Pituitary responsiveness to synthetic luteinizing hormone-releasing hormone during pregnancy (Zárate et al.), 1121
Stimulation, aortic chemoreceptor, effect of, on cardiac output and umbilical blood flow in fetal lamb (Goodwin et al.), 48
"Stomatocytosis," thalassemia minor and, maternal anemia and fetal outcome in pregnancies complicated by (Fleming), 309
Streptococci, group B, neonatal infections caused by (Hey et al.), 43
"Super coils," termination of pregnancy by: Morbidity associated with new method of second-trimester abortion (Berger et al.), 297
Suppositories, vaginal, of prostaglandin $F_{2\alpha}$, therapeutic abortion of early human gestation with (Tredway and Mishell), 795
Supreme Court decision on abortion (Hall), 1
Surfactant activity in amniotic fluid, assessment of, for evaluation of fetal lung maturity (Shelley, Takagi, and Balis), 369
Surgery, gynecologic, for benign disease, reliability of cervical cytologic smear as screening procedure in patients undergoing (van Nagell, Hager, and Roddick), 111

Surgical and psychological considerations: Vaginal reconstruction following pelvic exenteration (Morley, Lindenauer, and Youngs), 996
and radiation treatment, combined, of invasive carcinoma of cervix (Kelso and Funnell), 205
Survival in Stage I ovarian cancer, factors influencing (Webb et al.), 222

Antibodies to spermatozoa, IV. Human sperm-agglutinating activity in different tests with variation in semen source (Shulman), 233
Antigen, Rh, possible detection of lymphocyte priming to: Incidence of Rh immunization following abortion (Katz and Marcus), 261
Apgar scores, fetal and neonatal biochemistry and (Modanlou et al.), 942
Aromatase activities, placental steroid 3-sulfatase and, evaluation of, as regulators of estrogen production in human pregnancy (Townsley, Rubin, and Crystle), 345
Arteries, spiral, in human placental bed at end of normal pregnancy, ultrastructure of (De Wolf, De Wolf-Peeters, and Brosens), 833
Associate program, obstetric and gynecologic (Taylor and Delaney), 700
Atresia, uterovaginal, plasma gonadotropin and ovarian steroid levels in (D'Alberton et al.), 389
Atypical metaplasia, dysplasia, and carcinoma in situ of cervix uteri, hematoporphyrin-derivative–fluorescence test colposcopy and colpophotography in diagnosis of (Kyriazis, Balin, and Lipson), 375
Autopsy, case of postpartum eclampsia of late onset confirmed by (Chapman and Karimi), 858 (Comm. in brief)
Autoradiographic investigation of epithelium-egg interaction in mouse oviduct (Freese, Orman, and Paulos), 364
studies of mouse Fallopian tube (Devoe, Freese, and Paulos), 490

B

Bactericidal activity of myeloperoxidase-containing leukocytic fractions, stimulation of, by estrogens, XXXIX. Role of phagocyte in host-parasite interactions (Jacobs et al.), 671
Bacteriologic and therapeutic aspects: Anaerobic infections of female genital tract (Thadepalli, Gorbach, and Keith), 1034
Bed, human placental, ultrastructure of spiral arteries in, at end of normal pregnancy (De Wolf, De Wolf-Peeters, and Brosens), 833
Beta-adrenergic agent (metaproterenol), effects of, on uteroplacental circulation (Wallenburg, Mazer, and Hutchinson), 1067
Big toe, correlation of distance between heel and, with weeks of gestation, biparietal diameter, and body weight (Dolhay, Batár, and Papp), 1142 (Comm. in brief)
Binding, androgen-, abnormalities, serum androgen and, in hirsutism, differential studies on mechanism of (Wieland, Zorn, and Hallberg), 983
Biochemical and biophysical measurements, method for obtaining, from rhesus monkey fetuses for prolonged periods (Martin, Murata, and Parer), 126 (Current investigation)
Biochemistry, fetal and neonatal, and Apgar scores (Modanlou et al.), 942
Biophysical measurements, biochemical and, method for obtaining, from rhesus monkey fetuses for prolonged periods (Martin, Murata, and Parer), 126 (Current investigation)
Biopsies, cervical cone, with use of solution of vasopressin and oxidized gauze packing (Jonas), 188
Biparietal diameter, body weight, and weeks of gestation, correlation of distance between heel and big toe with (Dolhay, Batár, and Papp), 1142 (Comm. in brief)
Birth trauma, obstetric, immediate and long-term outcome of. I. Brachial plexus paralysis (Gordon et al.), 51
Black gynecologist, pelvic examination and (Womack et al.), 96
Bladder, exstrophy of, anomaly of external genitalia in female patients with (Jones), 748
Bleeding, menstrual, premature onset of, during ovulatory cycles in women with intrauterine contraceptive device (Nygren and Johansson), 971
varices, pregnancy following esophagectomy for, in patient with extrahepatic portal hypertension (Wellborn, Greiss, and Johnston), 181
Blood flow through myometrium and endometrium in standing and supine women measured by intrauterine xenon application (Secher, Einer-Jensen, and Juhl), 386
redistribution of, by prostaglandin $F_{2\alpha}$ in rabbit ovary (Novy and Cook), 381
umbilical, cardiac output, and organ blood flow in immature baboon fetus (Paton et al.), 560
maternal, in late pregnancy, radioimmunoassay for estrogens in: Values for normal and complicated pregnancy (Podoba, Rizkallah, and Kelly), 321
volume of infants. IV. Infants born by cesarean section (Sisson, Knutson, and Kendall), 351
Body composition studies in human fetus after intra-amniotic injection of hypertonic saline (Wang et al.), 57
weight, weeks of gestation, and biparietal diameter, correlation of distance between heel and big toe with (Dolhay, Batár, and Papp), 1142 (Comm. in brief)
Books received, 298, 586, 866, 1150
Bowel, small, significance of primary malignant tumors of, in gynecologic practice: Report of two cases (Chan, Somasundaram, and Kohnen), 286 (Comm. in brief)
Br-ergocryptine (CB 154), treatment of galactorrhea-amenorrhea syndrome with: Restoration of ovulatory function and fertility (Varga, Wenner, and del Pozo), 75
Brachial plexus paralysis, I. Immediate and long-term outcome of obstetric birth trauma (Gordon et al.), 51
Brain function and metabolism, fetal, effect of hypoglycemia on (Mann et al.), 45
Broken intrauterine catheter tip: unusual complication of fetal monitoring (Okada and Hobel), 1147 (Comm. in brief)
Buffers, circulatory, role of, in fetal tolerance to stress (Assali and Brinkman), 643

Dalkon Shield inbedded in myoma: Case report of unusual displacement of intrauterine contraceptive device (Esposito, Zarou, and Zarou), 578 (Comm. in brief)
Damage, chromosome, in newborn infant, absence of, following x-ray pelvimetry (Bushong et al.), 933
Dating, endometrial, correlation of, with luteinizing hormone peak (Tredway, Mishell, and Moyer), 1030
Decapitation, partial intrauterine, and hydrops fetalis (Klein and Frumovitz), 858 (Comm. in brief)
Dehydrogenase, serum and amniotic fluid lactic, in pregnant women (Miotti et al.), 1129
Delivery, spontaneous vaginal, and cesarean section, maternal and fetal plasma levels of adrenal corticoids in (Talbert, Easterling, and Potter), 554
Derivative, hematoporphyrin-, –fluorescence test colposcopy and colpophotography in diagnosis of atypical metaplasia, dysplasia, and carcinoma in situ of cervix uteri (Kyriazis, Balin, and Lipson), 375
Device(s), intrauterine contraceptive, case report of unusual displacement of: Dalkon Shield imbedded in myoma (Esposito, Zarou, and Zarou), 578 (Comm. in brief)
effect of, on regeneration of rabbit endometrium (David et al.), 473
Hodgkin's disease and, streptococcal peritonitis in patient with (Culliford et al.), 288 (Comm. in brief)
premature onset of menstrual bleeding during ovulatory cycles in women with (Nygren and Johansson), 971
in situ, ovarian pregnancy with: Case report (Bozza and Horwitz), 285 (Comm. in brief)
TCu intrauterine contraceptive, scanning electron microscopy of human uterine epithelium influenced by (Nilsson and Hagenfeldt), 469
vaginal, basic studies for prolonged progestogen administration by (Henzl et al.), 101
Diabetic pregnancies, normal and, plasma levels of unconjugated estrogens in (De Hertogh et al.), 1076
Diagnosis of atypical metaplasia, dysplasia, and carcinoma in situ of cervix uteri, hematoporphyrin-derivative–fluorescence test colposcopy and colpophotography in (Kyriazis, Balin, and Lipson), 375
simplified approach to: Primary amenorrhea (Gilson and Knab), 400
Diagnostic curettage, can it replace: Gravlee Jet Washer (Underwood et al.), 201
and therapeutic technique, laparoscopy as, in uterine perforations during first-trimester abortions (Lauersen and Birnbaum), 522
Diameter, biparietal, body weight, and weeks of gestation, correlation of distance between heel and big toe with (Dolhay, Batár, and Papp), 1142 (Comm. in brief)
Diethylstilbestrol and norethindrone acetate, effects of: Daily serum follicle-stimulating hormone, luteinizing hormone, and plasma testosterone and androstenedione in hirsute women with polycystic sclerotic ovaries (Daane et al.), 392
Dilatation, cervical, in labor, influence of uterine motility upon (Lindgren), 530
Diphosphate, adenosine, –induced platelet aggregation in healthy women with and without combined and sequential contraceptive pill (Zahavi et al.), 107
Disease, fibrocystic, Enovid therapy (norethynodrel with mestranol) for (Ariel), 453
Hodgkin's, and intrauterine contraceptive device, streptococcal peritonitis in patient with (Culliford et al.), 288 (Comm. in brief)
polycystic ovarian, comparison of endocrinologic and histologic findings with: Familial hyperthecosis (Judd et al.), 976
trophoblastic, in Uganda (Leighton), 341
Disseminata, leiomyomatosis peritonealis: Case report (Crosland), 179
Distance between heel and big toe, correlation of, with weeks of gestation, biparietal diameter, and body weight (Dolhay, Batár, and Papp), 1142 (Comm. in brief)
Diurnal variation, episodic release and: Circulating prolactin levels during menstrual cycle (Ehara et al.), 962
Dysplasia, atypical metaplasia, and carcinoma in situ of cervix uteri, hematoporphyrin-derivative–fluorescence test colposcopy and colpophotography in diagnosis of (Kyriazis, Balin, and Lipson), 375
cervical, treatment of, with electrocautery and tetracycline suppositories (Wilbanks et al.), 460

E

Eclampsia, case-control study for estimating risk of, in Cali, Colombia (Neutra), 894
postpartum, of late onset, case of, confirmed by autopsy (Chapman and Karimi), 858 (Comm. in brief)

Ectopic ovarian tissue: Case report of unusual presentation (Daw), 576 (Comm. in brief)
pregnancy, excision of, through laparoscope (Shapiro and Adler), 290 (Comm. in brief)

Educational tool and basis for evaluation of medical practice: Medical record (Maeck, Silberman, and Nelson), 731
Egg, epithelium-, interaction in mouse oviduct, autoradiographic investigation of (Freese, Orman, and Paulos), 364
Electrocautery and tetracycline suppositories, treatment of cervical dsplasia with (Wilbanks et al.), 460
Electrocoagulation of tubal ostia using hysteroscopy, female sterilization by (Richart et al.), 801
Electron microscopy, scanning, of human uterine epithelium influenced by TCu intrauterine contraceptive device (Nilsson and Hagenfeldt), 469
Endocrinologic and histologic findings, comparison of, with polycystic ovarian disease: Familial hyperthecosis (Judd et al.), 976
Endometrial dating, correlation of, with luteinizing hormone peak (Tredway, Mishell, and Moyer), 1030
Endometrium, myometrium and, blood flow through, in standing and supine women measured by intrauterine xenon application (Secher, Einer-Jensen, and Juhl), 386
rabbit, effect of intrauterine contraceptive device on regeneration of (David et al.), 473
Enema, soap, adverse reaction to: Postpartum hypotension and erythema (Egdell and Johnson), 1146 (Comm. in brief)
Enovid therapy (norethynodrel with mestranol) for fibrocystic disease (Ariel), 453
Enterocystoplasty and pregnancy (Smith), 527
Epinephrine and norepinephrine (amine) surge, ovulatory plasma, in woman (Zuspan and Zuspan), 654
Epithelium-egg interaction in mouse oviduct, autoradiographic investigation of (Freese, Orman, and Paulos), 364
human uterine, influenced by TCu intrauterine contraceptive device, scanning electron microscopy of (Nilsson and Hagenfeldt), 469
Ergocryptine (CB 154), Br-, treatment of galactorrhea-amenorrhea syndrome with: Restoration of ovulatory function and fertility (Varga, Wenner, and del Pozo), 75
Erythema, postpartum hypotension and: Adverse reaction to soap enema (Egdell and Johnson), 1146 (Comm. in brief)
Erythroblastosis, possible ameliorating effects of, by promethazine hydrochloride (Gusdon), 1101
Esophagectomy for bleeding varices, pregnancy following, in patient with extrahepatic portal hypertension (Wellborn, Greiss, and Johnston), 181
Estradiol, estriol, progesterone, 17α-hydroxyprogesterone, human chorionic gonadotropin, and estrone, plasma, in human pregnancy. III. Early normal pregnancy (Tulchinsky and Hobel), 884
infusion, effect of, on uterine activity and peripheral levels of prostaglandin F and progesterone (Larsen et al.), 276
replacement therapy, effect of, on early pregnant luteectomized patients (Csapo, Pulkkinen, and Kaihola), 987 (Current investigation)
Estriol estimations, plasma, application of, in management of high-risk pregnancies (Mathur et al.), 210
"free" and conjugated, assessment of, in uncomplicated and complicated pregnancy plasma (Mathur, Leaming, and Williamson), 316
Estriol—Cont'd
in plasma: Compartmental study (Klopper et al.), 21
progesterone, 17α-hydroxyprogesterone, human chorionic gonadotropin, estrone, and estradiol, plasma, in human pregnancy. III. Early normal pregnancy (Tulchinsky and Hobel), 884
Estrogen(s) interception, progesterone contraception and, mechanisms involved in (Morris), 167
in maternal blood in late pregnancy, radioimmunoassay for: Values for normal and complicated pregnancy (Podoba, Rizkallah, and Kelly), 321
production in human pregnancy, evaluation of placental steroid 3-sulfatase and aromatase activities as regulators of (Townsley, Rubin, and Crystle), 345
stimulation of bactericidal activity of myeloperoxidase-containing leukocytic fractions by, XXXIX. Role of phagocyte in host-parasite interactions (Jacobs et al.), 671
unconjugated, plasma levels of, in normal and diabetic pregnancies (De Hertogh et al.), 1076
Estrone, estradiol, estriol, progesterone, 17α-hydroxyprogesterone, and human chorionic gonadotropin, plasma, in human pregnancy. III. Early normal pregnancy (Tulchinsky and Hobel), 884
Examination, pelvic, and Black gynecologist (Womack et al.), 96
Excision of ectopic pregnancy through laparoscope (Shapiro and Adler), 290 (Comm. in brief)
Excretion, fetal androgen and human chorionic gonadotropin, in relation to genetic sex (YoungLai and Lin), 291 (Comm. in brief)
Exenteration, omental sling for management of pelvic floor following (Buchsbaum and White), 407
pelvic, in treatment of advanced malignancy of vulva (Thornton and Flanagan), 774
Exstrophy of bladder, anomaly of external genitalia in female patients with (Jones), 748
External genitalia, anomaly of, in female patients with exstrophy of bladder (Jones), 748
Extrahepatic hypertension, pregnancy following esophagectomy for bleeding varices in patient with (Wellborn, Greiss, and Johnston), 181

F

F, prostaglandin, and progesterone, peripheral levels of, uterine activity and, effect of estradiol infusion on (Larsen et al.), 276
$F_{2\alpha}$, intra-amniotic prostaglandin, for abortion, experience with (Wentz et al.), 513
to induce midtrimester abortion (Corson, Bolognese, and Merola), 27
prostaglandin, abortion of early pregnancy by intravaginal administration of (Bolognese and Corson), 246
coagulation changes during abortion induced by (Brenner et al.), 1080
redistribution of blood flow by, in rabbit ovary (Novy and Cook), 381
vaginally administered prostaglandin, effect of, on corpus luteum function (Bolognese and Corson), 240
Failure, acute renal, in obstetric septic shock (Emmanouel and Katz), 145 (Current developments)
Fallopian tube, mouse, autoradiographic studies of (Devoe, Freese, and Paulos), 490
Familial hyperthecosis: Comparison of endocrinologic and histologic findings with polycystic ovarian disease (Judd et al.), 976
Family planning program, Federal, choices and challenges for (Hellman), 782
Federal family planning program, choices and challenges for (Hellman), 782
Fertility, ovulatory function and, restoration of: Treatment of galactorrhea-amenorrhea syndrome with Br-ergocryptine (CB 154) (Varga, Wenner, and del Pozo), 75

Fetal androgen and human chorionic gonadotropin excretion in relation to genetic sex (YoungLai and Lin), 291 (Comm. in brief)
brain function and metabolism, effect of hypoglycemia on (Mann et al.), 45
guinea pig, maternal and, simulated marihuana smoking in (Singer, Scibetta, and Rosen), 331
ischemia, acute, vasoactive substances in circulation of pregnant dog during (Bell), 1088
maturation, assessment of, by foam test (Roux, Nakamura, and Brown), 280 (Current investigation)
monitoring, unusual complication of: Broken intrauterine catheter tip (Okada and Hobel), 1147 (Comm. in brief)
and neonatal biochemistry and Apgar scores (Modanlou et al.), 942
plasma levels, maternal and, of adrenal corticoids in spontaneous vaginal delivery and cesarean section (Talbert, Easterling, and Potter), 554
pulmonary maturity, amniotic fluid lecithin concentration and, further observations on relationship between (Nelson), 577 (Comm. in brief)
risks, maternal and, graphic representation of: High-risk pregnancy (Leon), 497
tolerance to stress, role of circulatory buffers in (Assali and Brinkman), 643
Fetalis, hydrops, partial intrauterine decapitation and (Klein and Frumovitz), 858 (Comm. in brief)
Fetus(es), body composition studies in, after intra-amniotic injection of hypertonic saline (Wang et al.), 57
hydrocephalic, heart rate patterns of (McCrann and Schifrin), 69
immature baboon, unbilical blood flow, cardiac output, and organ blood flow in (Paton et al.), 560
immunologic or hemodynamic protector of: Placenta (Scott, Pitkin, and Chaudhuri), 1109
rhesus monkey, method for obtaining biochemical and biophysical measurements from, for prolonged periods (Martin, Murata, and Parer), 126 (Current investigation)
their, pregnant addicts and, effect of heroin on corticosteroid production in (Glass et al.), 416 (Current investigation)
Fever, periodic, and menses (Golden, Weigers, and Meagher), 855 (Comm. in brief)
Fibrocystic disease, Enovid therapy (norethynodrel with mestranol) for (Ariel), 453
First-trimester abortions, laparoscopy as diagnostic and therapeutic technique in uterine perforations during (Lauersen and Birnbaum), 522
Floor, pelvic, omental sling for management of, following exenteration (Buchsbaum and White), 407
Flow, blood, through myometrium and endometrium in standing and supine women measured by intrauterine xenon application (Secher, Einer-Jensen, and Juhl), 386
redistribution of, by prostaglandin $F_{2\alpha}$ in rabbit ovary (Novy and Cook), 381
umbilical blood, cardiac output, and organ blood flow in immature baboon fetus (Paton et al.), 560
Fluid creatinine, amniotic, in Rh-sensitized pregnancy (Hinkley, O'Neil, and Cassady), 544
human amniotic, transferrin concentration in (Larsen, Snyder, and Galask), 952
lactic dehydrogenase, amniotic, serum and, in pregnant women (Miotti et al.), 1129
lecithin concentration, amniotic, and fetal pulmonary maturity, further observations on relationship between (Nelson), 577 (Comm. in brief)
lipids, amniotic, in normal human pregnancy (Singh and Zuspan), 919
Fluorescence test, hematoporphyrin-derivative–, colposcopy and colpophotography in diagnosis of atypical metaplasia, dysplasia, and carcinoma in situ of cervix uteri (Kyriazis, Balin, and Lipson), 375
Foam test, assessment of fetal maturation by (Roux, Nakamura, and Brown), 280 (Current investigation)

steroid 3-sulfatase and aromatase activities, evaluation of, as regulators of estrogen production in human pregnancy (Townsley, Rubin, and Crystle), 345
transfer of penicillin G during constant-rate infusion in goat (Kauffman, Boulos, and Azarnoff), 64
Planning program, Federal family, choices and challenges for (Hellman), 782
Plasma amine (epinephrine and norepinephrine) surge, ovulatory, in woman (Zuspan and Zuspan), 654
estriol in: Compartmental study (Klopper et al.), 21
estimations, application of, in management of high-risk pregnancies (Mathur et al.), 210
gonadotropin and ovarian steroid levels in uterovaginal atresia (D'Alberton et al.), 389
human chorionic gonadotropin, estrone, estradiol, estriol, progesterone, and 17α-hydroxyprogesterone in human pregnancy. III. Early normal pregnancy (Tulchinsky and Hobel), 884
levels, maternal and fetal, of adrenal corticoids in spontaneous vaginal delivery and cesarean section (Talbert, Easterling, and Potter), 554
of unconjugated estrogens in normal and diabetic pregnancies (De Hertogh et al.), 1076
testosterone and androstenedione, daily serum follicle-stimulating hormone, luteinizing hormone, and, in hirsute women with polycystic sclerotic ovaries: Effects of diethylstilbestrol and norethindrone acetate (Daane et al.), 392

Plasma—Cont'd
uncomplicated and complicated pregnancy, assessment of "free" and conjugated estriol in (Mathur, Leaming, and Williamson), 316
Plasty, Z-, use of, in gynecologic operations: Case reports (Rankin), 231
Platelet aggregation, adenosine diphosphate–induced, in healthy women with and without combined and sequential contraceptive pill (Zahavi et al.), 107
Plexus paralysis, brachial, I. Immediate and long-term outcome of obstetric birth trauma (Gordon et al.), 51
Polycystic ovarian disease, comparison of endocrinologic and histologic findings with: Familial hyperthecosis (Judd et al.), 976
ovary syndrome, ovarian, adrenal, and peripheral testosterone levels in (Stahl, Teeslink, and Greenblatt), 194
sclerotic ovaries, daily serum follicle-stimulating hormone, luteinizing hormone, and plasma testosterone and androstenedione in hirsute women with: Effects of diethylstilbestrol and norethindrone acetate (Daane et al.), 392
Portal hypertension, extrahepatic, pregnancy following esophagectomy for bleeding varices in patient with (Wellborn, Greiss, and Johnston), 181
Postpartum eclampsia of late onset, case of, confirmed by autopsy (Chapman and Karimi), 858 (Comm. in brief)
hypotension and erythema: Adverse reaction to soap enema (Egdell and Johnson), 1146 (Comm. in brief)
tubal ligation, immediate (Rozier), 226
Practice, medical, basis for evaluation of, educational tool and: Medical record (Maeck, Silberman, and Nelson), 731
Pre-eclampsia, normal pregnancy and, serum complement in (Kitzmiller et al.), 312
Pregnancy (pregnancies), cesarean hysterectomy in treatment of carcinoma in situ of cervix diagnosed during (Abitbol, Benjamin, and Gastillo), 909
early, abortion of, by intravaginal administration of prostaglandin $F_{2\alpha}$ (Bolognese and Corson), 246
enterocystoplasty and (Smith), 527
ectopic, excision of, through laparoscope (Shapiro and Adler), 290 (Comm. in brief)
following esophagectomy for bleeding varices in patient with extrahepatic portal hypertension (Wellborn, Greiss, and Johnston), 181
evaluation of possible transplacental infection with rubella vaccination during (Bolognese et al.), 939
first, and post partum, sexual adjustment during (Falicov), 991 (Current opinion)
high-risk, application of plasma estriol estimations in management of (Mathur et al.), 210
Graphic representation of maternal and fetal risks (Leon), 497
human, evaluation of placental steroid 3-sulfatase and aromatase activities as regulators of estrogen production in (Townsley, Rubin, and Crystle), 345
plasma human chorionic gonadotropin, estrone, estradiol, estriol, progesterone, and 17α-hydroxyprogesterone in. III. Early normal pregnancy (Tulchinsky and Hobel), 884
hypoparathyroidism in (Bolen), 178
inadvertent rubella immunization in (Ebbin et al.), 505
late, intestinal obstruction in: Report of two cases (Blair), 177
radioimmunoassay for estrogens in maternal blood in: Values for normal and complicated pregnancy (Podoba, Rizkallah, and Kelly), 321
management of abnormal cervical smear and carcinoma in situ of cervix during (Abitbol, Benjamin, and Gastillo), 904

Pregnancy—Cont'd
nephrotic syndrome in (Weisman et al.), 867
normal and diabetic, plasma levels of unconjugated estrogens in (De Hertogh et al.), 1076
human, amniotic fluid lipids in (Singh and Zuspan), 919
and pre-eclampsia, serum complement in (Kitzmiller et al.), 312
ultrastructure of spiral arteries in human placental bed at end of (De Wolf, De Wolf-Peeters, and Brosens), 833
outcome and its relationship to uterine contractility: Experimental urinary infection in rats (Sala et al.), 255
ovarian, with intrauterine contraceptive device in situ: Case report (Bozza and Horwitz), 285 (Comm. in brief)
plasma, uncomplicated and complicated, assessment of "free" and conjugated estriol in (Mathur, Leaming, and Williamson), 316
problem of maternal syphilis after serologic surveillance during (Monif et al.), 268
Rh-sensitized, amniotic fluid creatinine in (Hinkley, O'Neil, and Cassady), 544
study of influence of, on thymus gland of mouse (Millar, Mills, and Baines), 913
thyrotoxicosis in (Ayromlooi, Zervoudakis, and Sadaghat), 818
tubal ectopic: Etiology and obstetric and gynecologic sequelae (Franklin and Zeiderman), 220
Pregnant addicts and their fetuses, effect of heroin on corticosteroid production in (Glass et al.), 416 (Current investigation)
animals, disposition of lithium and magnesium following intravenous administration to (Hughes, Douglas, and Hume), 271
dog, vasoactive substances in circulation of, during acute fetal ischemia (Bell), 1088
human uterus, prostaglandins and cellular calcium transport in (Carsten), 824
luteectomized patients, early, effect of estradiol replacement therapy on (Csapo, Pulkkinen, and Kaihola), 987 (Current investigation)
women, serum and amniotic fluid lactic dehydrogenase in (Miotti et al.), 1129
Premature menstruation, induction of, with anabolic steroids (Bolch and Warren), 121 (Current investigation)
onset of menstrual bleeding during ovulatory cycles in women with intrauterine contraceptive device (Nygren and Johansson), 971
Prenatal and intrapartum high-risk screening. I. Prediction of high-risk neonate (Hobel et al.), 1
Primary amenorrhea: Simplified approach to diagnosis (Gilson and Knab), 400
malignant tumors of small bowel, significance of, in gynecologic practice: Report of two cases (Chan, Somasundaram, and Kohnen), 286 (Comm. in brief)
Priming, lymphocyte, to Rh antigen, possible detection of: Incidence of Rh immunization following abortion (Katz and Marcus), 261
Professional Activity Study, analysis of 12,026 patients from: Hospital care of patients undergoing hysterectomy (Ledger and Child), 423 (Current opinion)
career, attractiveness of obstetrics and gynecology as (Tyson), 130 (Current opinion)
Progesterone contraception and estrogen interception, mechanisms involved in (Morris), 167
peripheral levels of prostaglandin F and, uterine activity and, effect of estradiol infusion on (Larsen et al.), 276
secretion, use of small samples of urine to follow ovarian and placental changes in (Metcalf), 1041
17α-hydroxyprogesterone, human chorionic gonadotropin, estrone, estradiol, and estriol, plasma, in human pregnancy. III. Early normal pregnancy (Tulchinsky and Hobel), 884
Progestogen administration, prolonged, by vaginal devices, basic studies for (Henzl et al.), 101
Program, Federal family planning, choices and challenges for (Hellman), 782
Prolactin, circulating human, physiologic and pathologic profiles of (Jaffe et al.), 757
levels, circulating, during menstrual cycle: Episodic release and diurnal variation (Ehara et al.), 962
Prolonged periods, method for obtaining biochemical and biophysical measurements from rhesus monkey fetuses for (Martin, Murata, and Parer), 126 (Current investigation)
progestogen administration by vaginal devices, basic studies for (Henzl et al.), 101
Promethazine hydrochloride, possible ameliorating effects of erythroblastosis by (Gusdon), 1101
Prophylactic antibiotics in cesarean section, follow-up study on (Gibbs, Hunt, and Schwarz), 419 (Current investigation)
Prostaglandin(s) and cellular calcium transport in pregnant human uterus (Carsten), 824
F and progesterone, peripheral levels of, uterine activity and, effect of estradiol infusion on (Larsen et al.), 276
$F_{2\alpha}$, abortion of early pregnancy by intravaginal administration of (Bolognese and Corson), 246
coagulation changes during abortion induced by (Brenner et al.), 1080
intra-amniotic, for abortion, experience with (Wentz et al.), 513
to induce midtrimester abortion (Corson, Bolognese, and Merola), 27
redistribution of blood flow by, in rabbit ovary (Novy and Cook), 381
vaginally administered, effect of, on corpus luteum function (Bolognese and Corson), 240
Puerperal infectious morbidity (Sweet and Ledger), 1093
Pulmonary maturity, fetal, amniotic fluid lecithin concentration and, further observations on relationship between (Nelson), 577 (Comm. in brief)

R

Radioimmunoassay for estrogens in maternal blood in late pregnancy: Values for normal and complicated pregnancy (Podoba, Rizkallah, and Kelly), 321
Rate(s), constant-, infusion in goat, placental transfer of penicillin G during (Kauffman, Boulos, and Azarnoff), 64
incidence and prevalence, I. Epidemiology of secondary amenorrhea (Pettersson, Fries, and Nillius), 80
patterns, heart, of hydrocephalic fetus (McCrann and Schifrin), 69
Reaction, adverse, to soap enema: Postpartum hypotension and erythema (Egdell and Johnson), 1146 (Comm. in brief)
Receptor, gonadotropin, of human corpus luteum (Cole et al.), 87
Record, medical: Educational tool and basis for evaluation of medical practice (Maeck, Silberman, and Nelson), 731
Recording, monitor, of spontaneous uterine rupture with tumultuous labor: Case report (Dunn, Kesler, and Dierker), 582 (Comm. in brief)
Recruitment—realistic approach (Stone, Weingold, and Sall), 735
Regeneration of rabbit endometrium, effect of intrauterine contraceptive device on (David et al.), 473
Release, episodic, and diurnal variation: Circulating prolactin levels during menstrual cycle (Ehara et al.), 962
Releasing, LH-, hormone, synthetic, response of pituitary LH and FSH to, in normal subjects and patients with Sheehan's syndrome (Aono et al.), 1046
Removal of pituitary adenoma, induction of ovulation in patients following (Gemzell), 955
Renal failure, acute, in obstetric septic shock (Emmanouel and Katz), 145 (Current developments)

Renin-angiotensin system during labor (Hoffman, Karu, and Dev), 537
Replacement therapy, estradiol, effect of, on early pregnant luteectomized patients (Csapo, Pulkkinen, and Kaihola), 987 (Current investigation)
Reproductive performance, effects of maternal sickle cell hemoglobinopathies and sickle cell trait on (Pritchard et al.), 662
Residencies, small, in obstetrics and gynecology, what is past experience of? (Keettel), 740
Respiration, placental, in immediate neonatal period (Marquis and Ackerman), 358
Retardation, intrauterine growth, origin of "X cells" of human placenta and their possible relationship to: Enigma (Ermocilla and Altshuler), 1135 (Current investigation)
Rh immunization following abortion, incidence of: Possible detection of lymphocyte priming to Rh antigen (Katz and Marcus), 261
-sensitized pregnancy, amniotic fluid creatinine in (Hinkley, O'Neil, and Cassady), 544
Risk of eclampsia in Cali, Colombia, case-control study for estimating (Neutra), 894
high-, pregnancy (pregnancies), application of plasma estriol estimations in management of (Mathur et al.), 210
Graphic representation of maternal and fetal risks (Leon), 497
screening, prenatal and intrapartum. I. Prediction of high-risk neonate (Hobel et al.), 1
Rubella immunization, inadvertent, in pregnancy (Ebbin et al.), 505
vaccination, possible transplacental infection with, during pregnancy, evaluation of (Bolognese et al.), 939
Rupture, spontaneous uterine, with tumultuous labor, monitor recording of: Case report (Dunn, Kesler, and Dierker), 582 (Comm. in brief)

follicle-stimulating hormone, luteinizing hormone, and plasma testosterone and androstenedione, daily, in hirsute women with polycystic sclerotic ovaries: Effects of diethylstilbestrol and norethindrone acetate (Daane et al.), 392
gonadotropin and steroid patterns in early human gestation (Mishell et al.), 631
Seventh nerve palsy, neonatal, in absence of hemotympanum (McLellan and Vautier), 572
Sex, genetic, fetal androgen and human chorionic gonadotropin excretion in relation to (YoungLai and Lin), 291 (Comm. in brief)
Sexual adjustment during first pregnancy and post partum (Falicov), 991 (Current opinion)
Sheehan's syndrome, patients with, response of pituitary LH and FSH to synthetic LH-releasing hormone in normal subjects and (Aono et al.), 1046
Shield, Dalkon, imbedded in myoma: Case report of unusual displacement of intrauterine contraceptive device (Esposito, Zarou, and Zarou), 578 (Comm. in brief)
Shock, obstetric septic, acute renal failure in (Emmanouel and Katz), 145 (Current developments)
Sickle cell hemoglobinopathies and sickle cell trait, maternal, effects of, on reproductive performance (Pritchard et al.), 662
Sigmoid colon, hematoma of, as complication of laparoscopy (Esposito), 581 (Comm. in brief)
Situ, carcinoma in, atypical metaplasia, and dysplasia of cervix uteri, hematoporphyrin-derivative-fluorescence test colposcopy and colpophotography in diagnosis of (Kyriazis, Balin, and Lipson), 375
of cervix, abnormal cervical smear and, management of, during pregnancy (Abitbol, Benjamin, and Gastillo), 904
diagnosed during pregnancy, cesarean hysterectomy in treatment of (Abitbol, Benjamin, and Gastillo), 909
Sling, omental, for management of pelvic floor following exenteration (Buchsbaum and White), 407
Small bowel, significance of primary malignant tumors of, in gynecologic practice: Report of two cases (Chan, Somasundaram, and Kohnen), 286 (Comm. in brief)
Smear, abnormal cervical, and carcinoma in situ of cervix, management of, during pregnancy (Abitbol, Benjamin, and Gastillo), 904
Smoking, simulated marihuana, in maternal and fetal guinea pig (Singer, Scibetta, and Rosen), 331
Soap enema, adverse reaction to: Postpartum hypotension and erythema (Egdell and Johnson), 1146 (Comm. in brief)
Solution of vasopressin and oxidized gauze packing, cervical cone biopsies with use of (Jonas), 188
South Atlantic Association of Obstetricians and Gynecologists, transactions of thirty-fifth annual meeting, 161-232
Sperm-agglutinating activity, human, in different tests with variation in semen source, IV. Antibodies to spermatozoa (Shulman), 233

Spermatozoa, antibodies to. IV. Human sperm-agglutinating activity in different tests with variation in semen source (Shulman), 233
Spiral arteries in human placental bed at end of normal pregnancy, ultrastructure of (De Wolf, De Wolf-Peeters, and Brosens), 833
Spread of gonococcal pharyngitis to genitals (Evrard), 856 (Comm. in brief)
Standing and supine women, blood flow through myometrium and endometrium in, measured by intrauterine xenon application (Secher, Einer-Jensen, and Juhl), 386
Sterilization, abortion-, procedures, comparison of operative morbidity in (Veltman and Marshall), 251
female, by electrocoagulation of tubal ostia using hysteroscopy (Richart et al.), 801
Steroid(s), anabolic, induction of premature menstruation with (Bolch and Warren), 121 (Current investigation)
levels, ovarian, plasma gonadotropin and, in uterovaginal atresia (D'Alberton et al.), 389
patterns, serum gonadotropin and, in early human gestation (Mishell et al.), 631
